THE FAMOUS AERO CUSHION INNER TUBE

No Punctures No Blowouts

75% of your present tire expense saved and all tire worries eliminated

What is The Aero Cushion Inner Tube?

It is a pure Para Rubber Cushion Inner Tire, which takes the place of the air tube. Highly vulcanized under terrific heat, through a chemical process, leaving it porous, light and resilient. Any and all casing will wear on the road from two to three times more mileage with its use. It can be transferred indefinitely from one casing to another at a nominal cost, by our authorized agents. Our tire is not a filler, as it contains no glue, glucose nor glycerine but is composed entirely from pure rubber. Therefore it is immune from heat and impossible to destroy by wear or tear.

10,000 USERS ARE BOOSTERS

A county sales agent of this tire is an independent, exclusive, profitable business, as it opens the field to a general tire business of the entire county, paying the best commission ever offered.

COMMON RIGHTS

Standards of Rights Set Up By So Called "Leaders" Demands Not Sanctioned by the Majority—Decline of The Spirit of Socialism in America.

By J. E. Jones
Washington, D. C.

Everyone knows that the great wage-earning class of America want just wages and a chance to play their part in the game of life in a manner that will give to them all the necessities and luxuries of life. This is the same demand that is made by every class of human beings, no matter what their station may be in life. But there are so-called "leaders" of the small and large towns of the country, who set up standards of "rights," which when analyzed usually give to their favored followers an advantage over the rest of society. It is disapproval against this small autocratic class, who speak more for their "leadership" than they do for their constituents, that has brought the reproach upon Wall Street. For Wall Street is simply a great money center for the nation and it is as necessary as the "money centers" of the small and large towns of the country. These money centers are called banks, no matter whether they exist in Wall Street or at Smith's Crossing.

Labor Leaders' Demands
The labor leaders make their headquarters in Washington, and the American Federation of Labor and the "Railroad Brotherhoods" speak right out in meeting regarding their demands. Mr. Gompers and two of his associates attempted to tell the American workers how to vote. The way in which the advice was accepted is pretty well known. These labor leaders, in session at Washington, have set forth the untenable proposition that they are diametrically opposed to existing laws and proposed laws that furnish arbitration for industrial disputes. On the other hand, the voice of individual American laboring men and women have time and again been raised for peaceful methods in industrial disputes as opposed to strikes and lockouts. The Federation has also declared its opposition to laws restricting the rights of workers to quit work. This is simply another way of defending strikes.

The Secretary of Labor, when he served on the President's Industrial Commission early in the year, joined in a report with other labor leaders capitalists and private citizens, including Herbert Hoover, demanding the establishment of a Federal Industrial Board, with agencies throughout the country empowered to solve labor troubles in a way that accounts to arbitration. The Secy. of Labor is a union labor man, and he did his stunt as a coal miner earlier in life. He believes, as do all others who view the question with open minds, that the industrial situation cannot be separated from the rights of the public, as represented by the Government, in preference to class leadership of either labor or capital.

Herbert Hoover, Counselor
Herbert Hoover is a very rich man but his opinions are taken so seriously that the American Federation of Labor invited him to become their counselor at the gathering of labor leaders. There is no question but that he took the position that peaceful methods should rule in place of strikes and lockouts. His acceptance as an advisor, by labor leaders, is a big step in the right direction, because it is recognized that among some of these leaders there is a determination that has not heretofore been very clearly voiced, favoring closer cooperation with the public, and fuller recognition of the rights of the whole public. We have had altogether too much in the way of demands of labor leaders as well as capitalists, for the furtherance of their individual interests. The spirit of socialism, represented in this manner, seems to be on the downhill slide. This is encouraging, since it strengthens the

ON THE WAY

principle that government is reaching forward to secure the rights for which "governments are instituted" among men, and for which purpose their device "their just powers from the consent of the governed."

WIDOW PREFERRED TO MEET DEATH AT HOME
"For many years I suffered from stomach trouble. All the doctors I tried helped me but little. All said I would have to go to the hospital and be operated on for gall stones or I would not live much longer. I told them I preferred to meet death at home. One day I picked up an advertisement of May's Wonderful Remedy and since taking a course of it more than a year ago have not had a single pain in my stomach, have good appetite and can eat anything. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All Druggists."

OBITUARY

The deceased Katherine Leininger nee Grub was born on the 11th day of January 1847 in Bavaria Germany. In her infancy she was baptized in the name of the Divine God. At the age of six months her parents came to this country settling in Williams County Ohio where she grew to womanhood. On the 13th of April 1862 she was confirmed in the Lutheran church at Ft. Wayne by the sainted Rev. Sikler, of which church she was a faithful member all her life.

August 17, 1869 she entered into matrimony with Henry Leininger. To this union were born six children four boys and two girls all of whom are living. For 42 years she lived on a farm in German Twp. until eight years ago when she and her husband moved to Wauseon. She had been in failing health for the last four years having suffered a number of strokes of paralysis in this time. She died November 27th at the age of 73 years, 10 months and 16 days. The cause of her death was paralysis.

She leaves to mourn their loss her husband, six children, 19 grandchildren and 12 great grandchildren. She was a kind and loving wife and mother, a true Christian and we can truly say of her, "Blessed are the dead who die in the Lord."

Services were held at the so-called Leininger church northwest of Pettisville. Services were conducted by O. G. Heberstein, burial Nov. 30, 1920.

She bade no one a last farewell. She said good-bye to none. Her loving heart just ceased to beat. And before we knew it she was gone.

Our Father's voice demanded her, And death to her is gain. Our loss is great, we'll not complain. But trust in God to meet again. Our loving hearts shall always linger Around the grave where you are laid.

Card of Thanks
We desire to express our sincere gratitude to all our kind neighbors and friends who ministered to us in many kind and helpful ways in the time of our bereavement, and expressed by word and deed their sympathy with us; also to thank those who gave us their services of love in the last rites over the body of our loved wife and mother.

SARAH A. NORRIS

Sarah A. Norris, daughter of Lott and Lorain Norris was born in Seneca county Ohio Sept. 27, 1840 and departed this life November 25, 1920 at the home of her son Herbert Bonnell aged 80 years, 1 month and 28 days.

She was united in marriage to Jacob Bonnell October 3, 1861 at Tiffin, Ohio. To this union were born four sons and two daughters, two sons and one daughter with the husband have preceded her to the great beyond.

Two sons, Grant and Herbert of Wauseon and one daughter, Mrs. H. L. Whitman of Liberty Center, nine grandchildren, three great grandchildren with a host of relatives and friends are left to mourn their loss.

At the early age of fifteen she gave her heart to God and through these years her faith has not ceased to find a firm resting place in Christ. She has belonged to the church ever since her conversion and was a member of the Methodist church of Wauseon at the time of her demise.

While it is hard to part with mother we have the assurance that all is well and she is at rest. I can not say and I will not say that she is dead, she is just away.

With a cherry smile and a wave of her hand

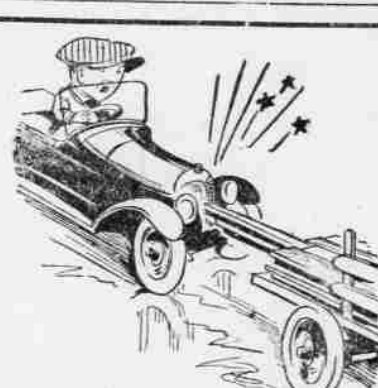

She wandered into an unknown land. And left us dreaming how very fair In the love of There as the love of here.

And you, Oh you, who the wildest yearn For the old time stem and the glad return

Think of her faring on as dear In the love of There as the love of here. Think of her still as the same I say She is not dead. She is just away.

Card of Thanks
To the many friends and neighbors who expressed their sympathy in so many kind words and deeds for the beautiful flowers to the choir and to the minister for his consoling words we desire to extend our sincere thanks.

Mrs. Bullock Recommends Chamberlain's Cough Remedy
"Last winter when my children were sick with colds and were coughing a good deal I gave them Chamberlain's Cough Remedy," writes Mrs. C. M. Bullock, Gorham, N. Y. "It relieved them at once and under this treatment all symptoms of the cold gradually disappeared. My experience with this medicine warrants my recommending it to others."

Stop-See these Xmas phonographs

YOU never saw more exquisite cabinets. The world has never produced any more exquisite cabinets. These cabinets are descended out of the Golden Age of Furniture. This was the age when Europe built its most luxurious palaces, created its greatest works of art, developed its finest types of craftsmanship.

Mr. Edison's designers went back to the furniture masterpieces

of this period. They adapted 17 of them for the modern American home. They made every Edison Cabinet a period cabinet, even the least expensive. You must see these cabinets. Only then will you appreciate what wonderful richness and atmosphere one will add to your home. Ask about our Xmas Budget Plan. It manages your money economically. It makes 1921 help pay; and that's good business.

A Word About Prices

In 1914, as you can ascertain through practically any investment banker, the Edison Laboratories were selling phonographs on a narrower margin of profit than the other manufacturers. Since 1914, the price of the New Edison has advanced less than 15%—and a portion of this is war tax. "Edison stood the gaff" to keep his favorite invention within the reach of everyone.
